Mr. Grotke talked about a new training program at the district level and how John Green Elementary School was hosting people from other schools. Teachers from Cottonwood Creek were observing Green teachers looking for best practices.

Cindy Gilbertson presented the results of the event survey. Our events are appreciated, but there was a discussion about event fatigue. The group agreed that we would need a committee to go over our events strategy, going forward.

Treasurer's Update:

Chiao Zelinsky went over the December report and reviewed the cash in hand.

Priyanka talked about needing to start working on the board for next year and asked people to find replacements if they wanted to step down and asked Mr. Grotke also to look for possible candidates. She said she would follow up individually to see if people wanted to continue.
