***What is the School Site Council?**

The School Site Council is a group of teachers, parents and school staff that serve our community with a focus on school safety and school achievement. SSC works with the principal to develop, review and monitor school improvement programs. In addition, the council reviews the School Safety Plan yearly. The parent members of our School Site Council serve a two-year term. (If you will be a parent of a fifth grade child, you may serve a one year term.)

***What would be the time/responsibility commitment?**

The John Green Elementary School Site Council meets for one hour after school approximately 7-8 times per school year. Our meeting is open to all parents or community members, but only council members may vote on any items needing council approval.

If you are interested in learning more about School Site Council or you would like to serve on the council, please contact Joyce Trotter at 925-833-4200 ext. 6601

(In the event we have more volunteers than needed, then an election would be held.)
